PIDET SW777

PIDET SW777

PIDET SW777 is a fast water soluble, low foam, non-ionic multi-purpose surfactant detergent. Its high active contents and superior wetting, dispersing and emulsifying properties makes it extremely effective for use in the textile and laundry industries.

It can be used in conjunction with a wide variety of textile auxiliaries and chemicals and effectively applicable in the scouring, bleaching, dyeing, soaping and other finishing treatments.

PIDET SW777 is stable in normal conditions of use, and is stable in the presence of electrolytes and alkalines at high temperatures.
